Aficio™ | MP 1900

A3 capable

simply efficient

ease of use

Optimise your copy workflow

With an output of 19 pages per minute, the Aficio™MP 1900 A3 digital copier will significantly improve your workflow. Highly efficient, it has a warm-up time of less than 10 seconds, while the first print is ready in less than 6.5 seconds. The operation panel is easy to use. Large buttons, clear LED colours and easy to find keys guide you smoothly through every copy job.

- Productivity: 19 pages per minute.
- Fast warm-up time: less than 10 seconds.
- Simplicity: clear and concise operation panel.
- Efficiency: electronic sorting & scan once, copy many.
- Flexibility: handles A6 to A3 paper, 52 to 162 g/m².

Simply efficient

FAST

The copier warms up quickly – in less than 10 seconds. Only 6.5 seconds later you get your first copy. And with an output of 19 pages per minute, the MP 1900 will not keep you waiting when you need your multi-page documents fast.

EFFICIENT

Improve your workflow with the optional Automatic Document Feeder, which takes up to 30 originals at a time. For special paper sizes or weights, use the convenient standard bypass tray. You will rarely need to stop and refill, thanks to the 350-sheet capacity.

STRAIGHTFORWARD

Forget user manuals and complicated procedures. Instead, use the straightforward and user-friendly operation panel. It intuitively guides you through all your copy jobs. Paper refills are simple as well: the optional accessibility handle with upper grip makes opening the tray so much easier.

SMART

The MP 1900 scans your originals once and stores them in memory. All subsequent copies are produced from there. The electronic sorter delivers your copies in practical batches that you can distribute immediately.

A3 CAPABLE

Looking for an easy solution to handle your A3 applications? With the MP 1900, copying an original directly onto A3 couldn't be easier. Feed paper originals in batches using the optional Automatic Document Feeder. Books and magazines can be scanned from the platen glass.

ENVIRONMENTALLY FRIENDLY

At Ricoh we help you lower the environmental impact of your office as well as lowering your costs. Our products have eco-friendly and money saving features such as short warm-up times. Thus, energy is saved while costs are reduced. In addition, Ricoh products are Energy Star compliant. This means less CO₂ is produced in providing the energy needed to run Ricoh devices.
